STUDENT TESTIMONIALS

"For my future career and law school, this program has given me the opportunity to develop skills-independence, knowledge of a new culture, and experiencing law in an international perspective...you are not just learning from books, you actually get to live it. You get to live with a host family, meet new international friends, have professors from different countries - and all of that you can put into use at law school."

Natalie Aguilar, St. Mary's University, 2019

"The International Studies Program is a beneficial experience. You get to learn from professors from all over the world. If I were back in Canada, I would be learning the material from only a Canadian perspective, whereas here you get an international perspective with American, Canadian, and Spanish professors..."

"I really like being in Alcalá because I feel safe, in a welcoming community that has a lot of international students in the area."

Kailey Thurgood, Durham College, 2019
