

TECHNOLOGICALLY ADVANCED

At CTU, you will be exposed to advanced technology that can enhance your learning experience. We embrace new technology and put it to use in innovative ways, such as our award winning Virtual Campus, which offers you the freedom and flexibility to access coursework and live class sessions around the clock – no matter where you live or serve.

CTU's Virtual Campus was recognized as the "Best of the Best" in the Education and Academia category of the 2009 Computerworld Honors Program. Knowing that everyone has a preferred style of learning, our cutting-edge learning technology, M.U.S.E. (My Unique Student Experience), lets you choose the way you learn best – by watching, viewing, reading or hearing. M.U.S.E. received the Career College Association "2010 Innovative Best Practice/ New Program" Award.
