What Do People Say About Us

"It is with considerable pleasure that I recommend Fredrik [Co-Founder of Absolute Internship] and Absolute Internship. His energy, professionalism, commitment to detail and focus on needs based solutions for businesses seeking the best educated and matched, qualified bulge bracket graduates for work in Asia with our firm - understatement when we say that our needs were more than well met. Let's not mention Fredrik's professional skills, knowledge of over 7 languages (and counting). We see Absolute Internship as more than just a solid business partner. Absolute Internship means solid business."

- Shawn Mesaros, CEO, Pacific Asset Management

"I have been working with the great team at Absolute Internship for years. They are providing a great service for young people and businesses. We have used their services many times and have had great results. I have recommended students to join the program and they got a lot out of it. The team's welcoming attitude and spirit are a breath of fresh air."
