

Academy

Introducing Optovue Academy

Education and Training Resources for Optovue Customers

CLINICAL EDUCATION

Learn how to use the data your Optovue OCT delivers, build confidence in clinical decision making and ultimately improve patient care with this technology.

TECHNICIAN TRAINING

Enable your staff to become more proficient operators of your Optovue OCT and ensure that they are capturing quality data with each scan.

PRACTICE DEVELOPMENT RESOURCES

Understand best practices in presenting iWellness to patients, get new ideas for marketing this advanced technology to grow your practice and learn how to effectively bill for your services.

Optovue Academy is available exclusively to owners of Optovue OCT and contains a wealth of information on making the most of your system.

Video courses cover a range of topics and are offered in short, ten-minute modules giving you the flexibility to learn whenever your schedule permits.

Visit OptovueAcademy.com to register. Please have your 5-digit Optovue serial number available to complete the registration.
