“THIS HAS BEEN THE MOST INCREDIBLE EXPERIENCE OF MY LIFE and I would not have enjoyed my time nearly as much if it weren’t for all that API has done for me! From the excursions, to the help with academics and housing, to the kind staff, I can’t believe I got so lucky in picking the best study abroad program.”

- Bailey J. / Saint Michael’s College

**API GIVES YOU THE MOST
INCLUSIVE AND HIGHEST
QUALITY STUDY ABROAD
EXPERIENCE FOR THE PRICE.**

MEET **THE FOUNDING MAMAS** OF API

API FOUNDERS - BRITTANY NORMAN, JULIE LEITMAN, SHARON FOERSTER, JENNIFER ALLEN

“At API, we are committed to breaking down the barriers between people of different cultures as a force for good in the world.”

- Jennifer Allen / API Founding Mama

When the four Founding Mamas established API together more than 20 years ago, they dreamed of creating high-quality, safe, life-changing study abroad programs they would feel good sending their own kids on. With dedication, hard work, and a lot of love, their dream became reality. Thousands and thousands of students have chosen API to support them on their own life-changing study abroad experiences, with the Four Mamas cheering them on every step of the way.

It is a source of pride to API that the majority of Resident Directors who helped launch API’s first programs abroad remain with us today. We continue to hire personnel stateside and abroad who are deeply committed to the personal growth and safety of API participants and who demonstrate integrity in all that they do. API hires personnel that the Founding Mamas know will care for our students on-site as if they were their own children. All of API’s four original founders have sent their own children on an API program to learn about and enjoy the world!

EXPERIENCE THE **API DIFFERENCE**

A WARM WELCOME UPON ARRIVAL

Friendly API Resident Directors/Coordinators meet students upon arrival at the airport. Students also take part in a group orientation, including a welcome lunch or dinner, so they can get to know their new friends as well as the API Resident Director/Coordinator.

INTERNATIONAL AND DOMESTIC EXCURSIONS

All API programs include excursions that introduce you to wonderful destinations in your host country. Many of our programs also include international excursions. Wherever possible, API excursions offer more comfort and safer travel by using private means of transportation, including chartered buses, airlines and high-speed trains.

SUPPORT WHEN NEEDED

API takes pride in being available to students and their families during all phases of the study abroad experience- pre-departure, on-site and re-entry. Whether it's answering a simple question, or supporting students during a local or personal emergency, API U.S. and international team members are available to respond to your needs 24/7.

COMFORTABLE, SAFE AND WELL-LOCATED HOUSING

API provides quality housing that is safe and located near the university or city centers. Local API directors carefully screen all housing options prior to student arrival. Many programs offer multiple types of housing (apartments, local host families and/or dormitories) to appeal to every student interest.

THE API **MISSION**

THE MISSION OF API IS TO DESIGN AND DELIVER INTERNATIONAL EXPERIENCES THAT INSPIRE LEARNING AND ENRICH STUDENTS, PARTNERS AND COMMUNITIES.

API **CORE VALUES**

PURSUE YOUR PASSION

We believe doing what you love can change the world.

INNOVATIVE SPIRIT

We bring creativity, a collaborative spirit and the resources to develop transformative and accessible experiences for students.

INDIVIDUALITY AND DIVERSITY

We foster respect, empathy and perspective.

LEARNING AND PERSONAL GROWTH

We promote personal growth and learning from the world at large.

SUPERIOR SERVICE, SAFETY AND QUALITY

We deliver exceptional experiences with student well-being as our highest priority.

HIGHEST ETHICS AND INTEGRITY

We are committed to honest, ethical practices and adherence to social and governmental norms wherever we operate.

API does not discriminate against any individual based on ethnicity, nationality, ancestry, race, sex, gender identity, creed, age, marital status, sexual orientation, or disability in its admissions decisions, program activities or employment practices.

THERE IS SO MUCH INCLUDED WITH API PROGRAMS!

-  Pre-departure advising
-  Student visa support
-  Orientation materials and resources
-  Opportunities to speak with API alumni
-  API Learning and Engagement Badge Program
-  Airport reception
-  On-site orientation
-  On-site Resident Directors
-  Quality housing near the host university or city center
-  24-hour emergency assistance
-  Tuition
-  Overnight excursions
-  International excursions
IN VARIOUS LOCATIONS
-  Volunteer opportunities
-  On-site tutoring and academic support
-  Welcome and farewell group events
-  Comprehensive medical and life insurance
-  Social and cultural activities
-  Scholarship opportunities
-  Transcript from accredited institution
-  Extensive alumni network
-  And more!

IT'S ALL IN **THE DETAILS**

ADVISING

API staff members happily guide students through the administrative processes of the pre-departure phase of study abroad. Students and their families may contact API staff as often as needed with questions about academics, on-site logistics, visa procedures, housing, safety concerns and anything else. API staff members, in turn, are frequently in touch with students regarding program updates, essential travel tips and recommendations for having a successful experience abroad. API staff can also connect students with API alumni who welcome the opportunity to share their API experiences with future students.

ORIENTATION MATERIALS AND RESOURCES

All API students receive comprehensive orientation information to help them prepare for their study abroad session. API orientation materials include information on logistical details, cultural differences, what students can expect at their host university, health and safety concerns, travel tips and more. API students also have access to language diagnostic exams and language reviews (in some sites). Additionally, in certain locations, API offers pre-departure orientation sessions for students and their families on the home campus.

RESIDENT DIRECTORS/COORDINATORS

API has highly qualified, trained and experienced English-speaking, Resident Directors/Coordinators in every site who are available to students throughout their session abroad. Most Resident Directors/Coordinators are locals from the host country in which students will be studying and all are ready to provide practical information and insight into the host culture. Resident Directors/Coordinators greet students at the airport, introduce students to the ways of life in their host country, help students to register at the host institution and support students throughout their stay. They are also available in case of any personal emergency and are ready to implement the API emergency response plans, if needed.

AIRPORT RECEPTION

API students are met at the airport and welcomed to their new home by API on-site staff on the program start date.

ON-SITE ORIENTATION

The on-site orientation takes place during the first week of a student's stay. API orientations include city tours as well as practical information about life in the host city, including transportation, safety and local culture. The orientation is designed to minimize adjustment difficulties upon arrival and gives students an opportunity to get to know other participants.

EXCURSIONS

Students have the opportunity to broaden their classroom education through several organized excursions, which are included in the price of the program. (In many locations, international excursions are included!) Overnight lodging, breakfast, entrance fees and transportation to and from the excursion locations are included. Excursions are subject to change depending on availability, weather and other factors.

SOCIAL AND CULTURAL ACTIVITIES

Students are offered monthly API-sponsored social and cultural activities, including outings to movies, concerts, cultural tours, theater performances, museums, outdoor activities, cooking classes and more. All entrance fees are covered by API. Students also enjoy both welcome and farewell group meals.

VOLUNTEER OPPORTUNITIES

Organized by API Resident Directors/Coordinators in many locations, the API Gives Back Project may consist of an ongoing volunteer opportunity or a one-day commitment. The goal of the project is to help API students express their thanks for the welcome they received from the local community. Students may also choose to add-on a volunteer program to the beginning or end of their study abroad experience in some locations.

MEDICAL AND LIFE INSURANCE

The health and safety of our participants is our number one priority. Medical and life insurance is provided for all students during the program term. The coverage includes medical evacuation and repatriation, as well as 24-hour support for medical issues. Our insurance plan is designed to help cover the care students need to get better.

TUITION

All programs include a fixed number of credits per term as part of the standard fee. The number of credits that a student can earn each session is detailed on each program page. API encourages students to meet with their advisors to get courses and credits approved prior to departure.

HOUSING

Housing is included in the program fee.* Depending on the host city, students may choose from various housing options, including host families, apartments, or student dormitories. Students can request single rooms on their housing form for an additional cost, although some sites may have guaranteed single rooms as part of the program fee. A \$275 security deposit is due by the final payment deadline for all programs. A fee of \$95 will be retained from all security deposits to cover standard cleaning fees and general maintenance fees, including minor repairs and standard touch-up painting. The remaining \$180 is refundable provided that: 1) no additional fees are assessed for on-site incidentals, damages, or excessive utility usage; and 2) the API program fee has been paid in full.

Housing for most academic year students during the period between the fall and spring semesters is not included in the API program fee. Students can take advantage of this time to return home to the U.S. or to travel independently. In most cases, API can arrange between-term housing for students in their host city for an additional fee. Refer to the city information sections or the API website for more specific housing information by location.

**Due to the range of housing options in Australia and New Zealand, housing costs have been separated out from the program fees and are billed separately once the student's housing placement has been confirmed. Please contact the API office at (800) 844-4124 for more information.*

API LEARNING AND ENGAGEMENT DIGITAL BADGE PROGRAM

API offers participants the opportunity to maximize their time abroad by earning digital badges that reflect activities completed before, during and after a participant's international experience. Digital badges can be earned in the areas of Career Development, Community Engagement, Intercultural Learning, Leadership and Mindful Travel. Digital badges can be displayed on résumés, e-portfolios, personal branding and online web presence. Badges are an opportunity for students to show their college or university, potential employers and their community how they made the most of their experience abroad.

Interested in earning a badge? E-mail badges@apiabroad.com for more information!

TRANSCRIPT

Upon completion of the academic session, an official transcript from an accredited institution with a letter of translation (if necessary) is sent to each student's home institution. API encourages students to discuss their academic choices with home institution advisors prior to departure to determine how credits reflected on the transcript might be transferred toward their degree plan.

EXPERIENTIAL PROGRAMS

Students who are interested in continuing their international experience may choose to participate in an intern abroad program through API. Please call (800) 844-4124 or visit apiabroad.com for details.

ALUMNI NETWORK AND PROFESSIONAL DEVELOPMENT OPPORTUNITIES

Returning students have the opportunity to continue to be engaged with API through a variety of alumni opportunities. API continues to support participants post-experience through the API alumni network, job postings and items of interest in the API Alumni Facebook and LinkedIn groups and through **API's Global Leadership Academy**. The Global Leadership Academy offers API alumni the opportunity to build core competencies of global leadership in a dynamic and creative atmosphere. The program helps participants develop skills to share their experience in their community, on campus and in job interviews. Students host collaborative events to share their international story and learn to integrate their international experience into their chosen career path.

YOU CAN DO IT.

EARN CREDIT

Take classes that transfer to your major and graduate on time.

STRENGTHEN YOUR RÉSUMÉ AND DEVELOP YOUR CAREER

Studying and living abroad give you life skills that will help you further down the line when looking for a job.

LEARN A NEW LANGUAGE

The best way to learn a new language is to immerse yourself in a new language. You can take part in language programs that are as short as three weeks or up to a full year.

MAKE IT AFFORDABLE

API awards over \$500,000 annually in scholarships and there are programs that fit nearly everyone's budget.

ENHANCE YOUR LIFE

Living in another country will give you a new perspective on life and the world. You'll become a citizen of the world and help to make it a better place for all.

MAKE FRIENDS FROM ALL OVER THE WORLD

Your life abroad will be filled with people from all over the United States as well as the world. Who knows who will become your friends for life!

HERE'S HOW TO APPLY

STEP 1

Meet with your study abroad and/or academic advisors to determine how study abroad works at your home university.

STEP 2

Narrow down the choices by focusing on programs that meet your academic needs and goals. Decide when you want to go.

THINGS TO CONSIDER WHEN CHOOSING AN API PROGRAM

- Language of instruction
 - Course offerings
 - Big city or small town
 - Cost of program
 - Location
 - Excursions
 - Duration
 - Housing
 - Special features
-

STEP 3

Verify admission requirements and program deadlines.

STEP 4

Go to apiabroad.com to start your application. Submit supplementary application documents to API.

STEP 5

Apply for or renew a passport. Start researching flights and your host country. Apply for API scholarships.

WHAT HAPPENS NEXT?

CONTINUOUS ACCESS TO APPLICATION

API encourages students to visit their [@api](https://twitter.com/api) online account frequently to determine if there are any supplementary materials that must be submitted to complete the application.

PROMPT NOTIFICATION OF ACCEPTANCE

API Program Managers/Coordinators promptly contact students once a completed application has been received. Accepted students are notified by phone and receive an acceptance e-mail with detailed post-acceptance instructions and materials.

LET'S TALK **SCHOLARSHIPS** AND **MONEY**

Financing your API program is one of the most important parts of going abroad, but it can also be one of the most stressful. API encourages students to start planning EARLY.

API also urges participants to read our financial policies and discuss these with their parents and/or study abroad advisors before applying. Payment policies and deadlines can be found on the API website.

“API did an awesome job of providing me the information I needed for funding my study abroad experience. I took my API program information to the financial aid office and I qualified for more financial aid than I did before. API’s financial aid team helped make my dream study abroad experience possible!”

- Beth K. / University of California, Los Angeles

SCHOLARSHIP DEADLINES

FALL/YEAR JUNE 10

SPRING SEMESTER/WINTER QUARTER OCTOBER 15

SPRING QUARTER DECEMBER 15

SUMMER APRIL 1

SCHOLARSHIP REQUIREMENTS

- Student must have a cumulative G.P.A. of 3.0 or higher (2.75 for First Gen and STEM).
- Student must have applied and been accepted to an API program.
- Scholarship recipients will be required to submit one blog post during or immediately following their study or intern abroad program. The submission must comply with API's policies regarding language and subject matter, and API will retain the rights to edit and publish this post on its social media, website and API advising materials, as appropriate.

API SCHOLARSHIPS

API awards over \$500,000 annually in both need and merit-based scholarships. API scholarships range from \$250-\$1,000, and include the following opportunities:

API Regional Scholarship

API Diversity Scholarship

API Community Or Technical
College Scholarship

API First Generation Scholarship

API S.T.E.M. Scholarship

API Student Athlete Scholarship

Benjamin A. Gilman Award

FINANCIAL FREQUENTLY ASKED QUESTIONS

WHEN ARE PAYMENTS DUE?

ALL PAYMENTS ARE DUE TO API BEFORE PROGRAM START. The only exception to this API standard is if you are using financial aid to pay for all or a portion of your final payment amount due.

API makes all arrangements for students well before arrival on-site. As a result, API must collect all fees prior to the start of the semester. These arrangements can include securing your quality housing, submitting tuition deposits and fees at your host university, and arranging transport and lodging for orientation and excursions.

CAN I USE MY FINANCIAL AID TO PAY FOR MY PROGRAM?

YES, API ACCEPTS ALL FORMS OF FINANCIAL AID as long as there is approval from the home university or organization. However, API does not issue or offer financial aid.

Once proof of financial aid is provided through the submission of a completed Financial Aid Verification Form (FAVF), provided once accepted, API then adjusts a student's payment schedule based on disbursement dates of financial aid awards. This FAVF form acts as a deferral for any final payment amount covered by the financial aid. This form must be submitted by the date of the original final payment deadline. Then, the amount of financial aid on your API account will be given a new due date, usually two weeks after your financial aid disbursement date.

DOES API OFFER PAYMENT PLANS?

NO, BUT API DOES OFFER A FINAL PAYMENT EXTENSION PLAN called the Alternative Payment Arrangement (APA), which will extend your final payment deadline to 30 days before your program start date.

Please note that the APA is not considered a payment plan as API makes all arrangements on the student's behalf prior to the program start, and, as such, cannot grant extended plans past the program start date.

Many students who are unable to pay their program balance or provide a finalized financial aid verification form by their final payment deadline choose to sign up for the APA plan.

CONTACT AN API FINANCIAL SERVICES ADVISOR AT (800) 844-4124 WITH ANY QUESTIONS.

WHAT IF I WITHDRAW FROM MY PROGRAM?

YES, API DOES OFFER A WAY FOR YOU TO PAY TO SAFEGUARD THE MAJORITY OF YOUR PROGRAM PAYMENTS for a withdrawal **BEFORE PROGRAM START.**

API offers a Program Withdrawal Safeguard (PWS) for its participants as an optional service. The PWS is designed to safeguard program participants' financial investment in their study abroad experience in case of program withdrawal before the program start date for any reason.

Visit apiabroad.com/pws for pricing and more details.

CAN I SAFEGUARD PROGRAM PAYMENTS?

Scan the QR code with your smart phone's camera and go directly to the API financial information webpage.

HOW TO USE YOUR FINANCIAL AID

YES! FINANCIAL AID MAY WORK FOR YOU ABROAD!

API accepts all forms of financial aid according to approval from the home university or organization. However, API does not issue or offer financial aid.

API Financial Services adjusts a student's payment schedule based on disbursement dates of financial aid awards, provided the student's home university has completed and returned a finalized Financial Aid Verification Form (FAVF), which is provided once accepted to a program. This FAVF form acts as a deferral for any final payment amount covered by the financial aid. This form must be submitted by the date of the original final payment deadline. Please note that deposits are not allowed to be covered by financial aid and those payments must be submitted by their due dates. This includes the \$150 application deposit, \$400 confirmation payment and \$275 security deposit as well as any additional fees on the API account.

FINANCIAL AID TIMELINE AND CHECKLIST

STEP 1

UPON ACCEPTANCE INTO YOUR API PROGRAM, CONTACT YOUR SCHOOL'S FINANCIAL AID OFFICE. Share your study abroad plans and find out their requirements for using your financial aid to pay API. Some universities require that API fill out a Consortium Agreement. If necessary, provide this to API as soon as possible.

STEP 2

ACCESS THE FINANCIAL AID VERIFICATION FORM (FAVF) ON YOUR @API ACCOUNT OR OPEN THE DOCUMENT ATTACHED TO YOUR API ACCEPTANCE BILLING STATEMENT. COMPLETE THE STUDENT PORTION AT THE TOP OF THIS FORM AND SUBMIT IT TO YOUR FINANCIAL AID ADVISOR. Make sure they are aware that the completed and finalized FAVF needs to be submitted to API on or before your final payment due date.

STEP 3

FOLLOW UP REGULARLY WITH YOUR FINANCIAL AID ADVISOR TO ENSURE THAT YOUR FAVF WAS RETURNED TO API. If your aid won't be awarded or can't be finalized by your final payment due date, you should have your financial aid advisor complete a preliminary version of the FAVF.

STEP 4

SUBMIT PAYMENT FOR ANY AMOUNT NOT COVERED BY AID, ANY ADDITIONAL FEES AND THE \$275 SECURITY DEPOSIT on or before your final payment due date.

STEP 5

MAKE ARRANGEMENTS TO GET YOUR FINANCIAL AID FUNDS TO API AS SOON AS THEY ARE DISBURSED. Since, most often, financial aid isn't released until after your program start date, you'll want to ensure that these arrangements are made before you go abroad. Some schools will send the funds to API directly. **IT IS THE STUDENT'S RESPONSIBILITY TO MAKE SURE THAT API RECEIVES PAYMENT ON TIME.** You will need to stay involved in the financial aid process and be sure to report any changes in your aid to API. Many students are abroad when the funds are disbursed and will need to make arrangements to get payment to API on time.

FOR MORE INFORMATION ABOUT FINANCIAL AID, VISIT: [APIABROAD.COM/FINANCIAL-AID](https://apiabroad.com/financial-aid)

THOUSANDS

OF API STUDENTS USE THEIR FINANCIAL AID ON STUDY ABROAD PROGRAMS. YOU CAN TOO!

COMPARE THE COSTS

Use this chart to add up the cost of attending your home institution vs. taking part in an API study abroad program. You may see that the costs of studying abroad are very close to, or even below, what you currently pay.

“My Resident Director went above and beyond. She was truly my “mom” away from home and I could not have survived without her abroad! She welcomed us into her home, was available 24/7 for us if we needed and made sure to be actively involved in our lives here. She is truly an amazing asset to the API team and completely shaped my experience abroad!”

STUDY ABROAD AND INTERNSHIP IN DUBLIN

This program will begin with **two, 5-week intensive academic courses** taught by faculty onsite. Following the intensive courses, the students will participate in a **7-week full time internship placement**. Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site. Students will earn letter grades for the coursework, for a total of **12 credit hours** (2 academic courses for 3 credits each, and 6 credits for their internship coursework).

GALWAY

WHY GALWAY?

CHARMING • OUTDOORSY • BAYSIDE • LAID-BACK

ADDITIONAL OPTIONS FOR STUDENTS STUDYING ABROAD IN FLORENCE

LDM INTERNSHIP OPPORTUNITIES SEMESTER

API students have the opportunity to earn valuable credits through professional internships in Florence with LdM. Italy is known for its artisan and small business structure that offers amazing opportunities for first-hand experience and interaction with local business owners to learn about the strengths and structure of the Italian workplace. Students earn 3 credits for an internship, which are counted toward their total academic load for the semester, and appear on the academic transcript along with a pass/fail grade. Students are assessed based on a weekly internship journal, a minimum of two papers, and an evaluation by their academic advisor/tutor at LdM.

PROFESSIONAL DEVELOPMENT PROGRAM SEMESTER

The LdM Professional Opportunities Program offers students a non-credit experiential learning experience. It is similar to an internship, but it requires less time and is based around the completion of a single project. Students are given the opportunity to collaborate with both the LdM Institute and local Florentine businesses, organizations, and associations.

CREATIVE ARTS AND DESIGN CERTIFICATE PROGRAMS SEMESTER / ONE- OR TWO-YEAR

The Certificate Programs are designed for students who have a solid background in one of the following areas: culinary arts, fashion design, fashion marketing and merchandising, graphic design and visual communication, interior design, jewelry art and design, or restoration and conservation. These programs are offered for a semester, or for one or two years in duration, and involve a set curriculum for each specific discipline. All courses, except Italian language, are conducted in English. Certificate program dates and prices are generally the same as the regular LdM Florence programs. An \$800 additional fee is charged for any certificate programs that involve 18 U.S. credits per semester or more.

FOR MORE INFO ABOUT SPECIALTY PROGRAMS, VISIT **APIABROAD.COM** OR CALL (800) 844-4124.

ROME

WHY ROME?

HISTORIC • INSPIRING • COSMOPOLITAN • ENERGIZING

- Artists' and art historians' dream with layer upon layer of history
- Large student population
- Friendly, warm, inviting people
- Roman ruins and churches

POPULATION

3,800,000

WEATHER AVERAGES

JANUARY: HIGH 55°F / LOW 39°F

JULY: HIGH 84°F / LOW 65°F

"I did not realize the level of support that API offered over direct enrollment. Seeing my peers that did not study through API made me grateful for doing so!"

STUDY ABROAD AND INTERNSHIP IN BARCELONA

This program will begin with **two, 5-week intensive academic courses** taught by faculty onsite. Following the intensive courses, the students will participate in a **7-week full time internship placement**. Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site. Students will earn letter grades for the coursework, for a total of **12 credit hours** (2 academic courses for 3 credits each, and 6 credits for their internship coursework).

VISIT **APIABROAD.COM**

STUDY ABROAD AND INTERNSHIP IN SANTIAGO

This program will begin with **two, 5-week intensive academic courses** taught by faculty onsite. Following the intensive courses, the students will participate in a **7-week full time internship placement**. Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site. Students will earn letter grades for the coursework, for a total of **12 credit hours** (2 academic courses for 3 credits each, and 6 credits for their internship coursework).

VALPARAÍSO

WHY VALPARAÍSO?

BOHEMIAN • COLORFUL • ENERGIZING • BRIGHT

- A bustling port with beautiful Pacific views
- Access to Pablo Neruda's home "La Sebastiana"
- Forty "cerros" or hills to admire and explore
- Seat of the Chilean congress

STUDY ABROAD AND INTERNSHIP IN SYDNEY

This program will begin with **two, 5-week intensive academic courses** taught by faculty onsite. Following the intensive courses, the students will participate in a **7-week full time internship placement**. Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site. Students will earn letter grades for the coursework, for a total of **12 credit hours** (2 academic courses for 3 credits each, and 6 credits for their internship coursework).

ADDITIONAL OPTIONS AT MACQUARIE UNIVERSITY

STUDY ABROAD CERTIFICATE This program allows students to enroll in a minimum of 3 units in purpose-filled subjects. Certificate course topics may include: Gateway to Asia; Global Studies; Global Management; Business in a Globalized World; Sustainable Development; Media; Crime and Counter-Terrorism; Engineering; and Refugee and Multicultural Studies.

GLOBAL LEADERSHIP CERTIFICATE PROGRAM This program invites study abroad students to build international knowledge and professional skills throughout their semester on campus. Students will be invited to attend the GLP Consular and Cultural Series events, the Global Leadership Symposia trips, as well as other events.

BUSINESS INTERNSHIP Business students may take an internship course through the Professional and Community Engagement program (PACE). In addition to the API application requirements, students must submit a Statement of Interest and a résumé. There is a GPA requirement of 3.0 for this internship course, and a supplemental placement fee of \$475.

FOR MORE INFORMATION, VISIT APIABROAD.COM OR CALL (800) 844-4124.

QUIP CERTIFIED

The **Forum on Education Abroad** is uniquely designated within the field of international education as the organization entrusted to set standards for the field at large by the U.S. Department of Justice.

Following an extensive evaluation process, API was recognized as being in substantial conformity with the Forum's Standards of Good Practice in 2018.

This recognition is a testament to API's commitment to maintaining high-quality programs for our student participants.

PROGRAM ACCREDITATION

All API schools are accredited by ministry of education or equivalent body in their home country and/or by a U.S. school of record.

ADDITIONAL **API OPPORTUNITIES**

STUDY ABROAD PLUS INTERNSHIPS

API offers students the option to participate in an internship while on a semester, academic year, or summer study abroad program. In most cases, students can earn academic credit, though some opportunities are offered without credit. Most internship opportunities are included in the cost of the program, though a few are offered for an additional fee.

PROGRAM DESCRIPTION

TOTAL CREDIT HOURS 12 **TOTAL CREDITS**

This program will begin with two, 5-week intensive academic courses taught by faculty onsite. Following the intensive courses, the students will participate in a 7-week full time internship placement.

Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site.

Students will earn letter grades for the coursework, for a total of 12 credit hours (2 academic courses for 3 credits each, and 6 credits for their internship coursework).

INTERNATIONAL INTERNSHIPS

API international internships provide unique opportunities for participants to explore and cultivate their future career path through a high-quality, customized, and credit-bearing placement in several exciting fields and destinations. API internship programs encompass a number of career development and cultural resources to help participants maximize their personal and professional development.

CAREER CULTIVATION

- Participants will be immersed in the culture by living and working alongside locals.
- The API Workplace and Culture Orientation gives participants the opportunity to learn about the host country's history, people, and workplace differences which will prepare them for the enriching international professional experience ahead.

CAREER EXPLORATION

- An API internship will set participants on the path towards personal and professional excellence.
- Each participant benefits by having a variety of experiences to help discover and shape their passions.
- Pre-departure orientation materials and resources including the exclusive API Career Navigation Briefcase.

SELF-DISCOVERY

- Discover your unique passions, interests, and natural abilities while experiencing an API internship.
- Step outside of your comfort zone and into new surroundings to discover new abilities and for self-reflection.

API'S COMMITMENT TO **DIVERSITY AND INCLUSION**

API IS COMMITTED TO PROVIDING ENRICHING INTERNATIONAL EXPERIENCES TO ITS PARTICIPANTS.

We believe in the importance of promoting acceptance, dignity, and respect among people of all backgrounds.

API demonstrates its commitment to inclusiveness by providing affordable and accessible programs, offering individualized support, and conducting ongoing diversity education and training for all API staff.

No matter who you are or where you come from, API will support you during your journey abroad.

API does not discriminate against any individual based on ethnicity, nationality, ancestry, race, sex, gender identity, creed, age, marital status, sexual orientation, or disability in its admissions decisions, program activities or employment practices.

“Travel is fatal to prejudice, bigotry and narrow-mindedness, and many of our people need it sorely on these accounts. Broad, wholesome, charitable views of humans and things can not be acquired by vegetating in one little corner of the earth all one's lifetime.” - Mark Twain

THE JOURNEY OF A
