“API was one of the best programs I have ever been a part of. The staff is amazing, they organized things very well, and they always made sure there was something to be doing or giving suggestions or even being as kind to take lunch all together.”

“API provided me with an enriching opportunity and gave me the confidence that I needed to get out of my comfort zone. The resident director provided us with a surplus of travel tips about where to go on a trip and things to do. This was truly an unforgettable experience!”

“An experience like this – being away from home for so long – it makes you grow up. It makes you grow wiser through inevitable successes and failures. I’ve learned so much about who I am and who I want to be in these few short months. I’ve learned to love the details of being alive.”
