Safety Net

Our Absolute Program Coordinators live on-site with our students during the whole summer.

From greeting students at the airport to escorting them to the accommodation (or medical appointments if needed), they provide 24/7 on-site support to all members of the Absolute community and are always ready to go the extra mile.

“Overall I’ve really loved my time here. My Program Coordinators were so amazing and helpful to me. I definitely think we had a strong sense of community in the tribe because I genuinely feel close to everyone. I feel so much more independent now and feel like I really am capable of doing things I was previously scared of.”

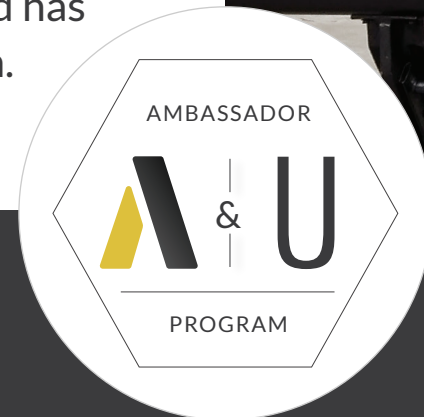

- Kelsey Carlson, Barcelona 2019

After the Internship

The Absolute Ambassador Program is our way of helping our students continue to broaden their cultural understanding of the world. It begins during their internship abroad and continues well after they've returned to their home countries. Students have the opportunity to **help out at info meetings and fairs, mentor future students to go abroad or manage Absolute Welcome Orientations.**

When a student becomes an Absolute Ambassador, they are joining a community of people who have been changed through their experiences abroad. Their adventure abroad has ended but their discovery of the world has only just begun.
