

Rick Jensen

Currently pursuing an MS in Organization and Management
Specialization: Leadership
Major, Minnesota Army National Guard

Capella support goes wherever duty takes you

U.S. armed forces

The armed forces place a high value on the link between education and advancement. That is why Capella University values working with each branch of the military and the more than 4,000 military-affiliated students currently enrolled in our programs.

At Capella, you will be challenged by experienced faculty and inspired by exposure to new perspectives and best practices in your field—all in an online learning environment that fits the lives of servicemembers and their families.

We provide the path

Capella University specifically built a military learning support network because we know that you face unique challenges while you serve your country. Courses must be accessible from every corner of the world, but you need more than that. You need a university that provides a high-caliber education and is committed to your success. Capella also offers support services including flexible military leave, tuition discounts, and credit for military training.

Let us demonstrate how much we have learned about helping military personnel reach their educational goals.

Commitment and recognition

Capella's commitment to be a **military-friendly** higher education institution is demonstrated by our participation in the **VA's Yellow Ribbon program**. Under this program, Capella will subsidize half the tuition costs not met within the Post-9/11 GI Bill and the VA will subsidize the rest. This means that eligible students could attend Capella at no cost.

Capella University has been designated a **National Center of Academic Excellence in Information Assurance Education** by the National Security Agency (NSA) and the U.S. Department of Homeland Security.

Capella University was selected as one of *Military Advanced Education* magazine's **Top Military Friendly Colleges and Universities** for two consecutive years. In 2008 Capella was also awarded a Gold Standard as one of the top 20 schools.

Gain the skills you need to reach your career goals

Capella University combines the academic depth you seek and the flexibility of online, anytime access.

Special tuition reductions

Our commitment to servicemembers includes reduced tuition—10 percent for graduate and 15 percent for undergraduate programs. Active-duty military students and their families, veterans, members of the National Guard and Reserves, DoD civilian employees, and members of the commissioned corps of the Public Health Service and NOAA are eligible.

Military student support network

Capella has a dedicated Armed Forces and Veterans Support team that specializes in assisting our servicemembers, veterans, and their families. We offer active-duty servicemembers a flexible military leave of absence policy that fully embraces the HEROES Act.

Capella's experience with the military has helped us develop a committed team of support professionals—from enrollment services to academic advising—who can answer your questions and understand your circumstances. We'll also help with courseroom navigation, technical issues, and billing support. Our Armed Forces and Veterans Support team is well-versed in military and VA benefits.

Military alliances

Capella University is a charter member of GoArmyEd, the Army's online education portal for active-duty personnel who receive tuition assistance. This relationship provides many benefits for Army students enrolled at Capella, including a one-stop site for grades, scheduling, course listings, and our streamlined tuition assistance process.

Capella also has formal alliances with several military Senior Service Colleges, such as Joint Forces Staff College, Defense Acquisition University, and Army Management Staff College, where transfer credits from those institutions may be applied to specific Capella master's degree programs.

About Capella

As an accredited*, fully online university, Capella offers bachelor's, master's, and doctoral degrees, and focuses on the education and support needs of working adults. Through highly engaging educational experiences and fully online academic programs, you can move forward without leaving the rest of your life behind. Capella currently offers more than 120 graduate and undergraduate specializations in 34 degree programs, along with 15 certificate programs. Capella has helped thousands of people reach their goals by earning a degree from Capella, and more than 29,000 others are pursuing one right now.
