

BIOME Research

DAILY PROBIOTIC

Products focused on creating a healthy microbiome.

POWERED BY
MAKTrek[®] 3-D
PROBIOTIC DELIVERY SYSTEM

With an innovative delivery and unique bacterial cell-sustaining system to deliver *high percentages* of living bacteria to the lower GI track.

Step 1: Protect

Brown seaweed extract barrier protects probiotics from stomach acid.

Step 2: Hydrate

Balanced activation to properly hydrate probiotics from freeze-dried state.

Step 3: Feed

Feed bacteria with pre & postbiotic nutrients for maximum survivability.

Transparency related to manufacturing and testing is paramount in creating a bond of trust. We always ship in insulated boxes, using recycled blue jean material and ice packs assuring the proper delivery of all products.

PROBIOTICS MADE FOR DOCTORS BY DOCTORS
