

## TIME4LEARNING'S AWARD-WINNING, COMPREHENSIVE CURRICULUM INCLUDES MATH, LANGUAGE ARTS, SCIENCE, SOCIAL STUDIES AND MORE.

The Time4Learning system teaches and grades lessons, tracks and records progress, and even provides automated reporting for homeschool portfolios.

Students work at their own pace and can be at different grade levels by subject. This flexibility allows quick advancement on subjects students excel at, while allowing more time on concepts they may struggle with.

With a Time4Learning subscription parents also get lesson plans, customized reporting, and lots of homeschool resources.

### NEW TO HOMESCHOOLING?

Time4Learning gives families the **tools and resources to quickly get started**. One of the biggest benefits of homeschooling with Time4Learning is how comprehensive and flexible it is. With Time4Learning, **students learn at their own pace**. Parents get the benefits of Time4Learning **reporting and record keeping** features to help maintain and prepare portfolios.

### BEEN HOMESCHOOLING A FEW YEARS?

Time4Learning provides an engaging, interactive curriculum that is both effective and convenient. Students receive access to **lessons that cover all major subjects** through one comprehensive tool. The online lessons encourage students to work independently. Parents have access to **lesson plans**, resources, and **automated reporting**.

### PREK

The early learning Preschool curriculum revolves around skill-focused, standards-aligned activities covering the building blocks of Reading and Math, while incorporating Social Studies, Science and Art. The PreK program was created to expose young learners to important learning principles in a fun, pressure-free environment.

### ELEMENTARY

Our K-5th curriculum includes math, language arts, science, social studies and more. It is also enhanced with content from Science4Us, an award-winning K-3 science curriculum.

### MIDDLE

The 6th-8th curriculum provides math, language arts, science, and social studies. Students also have access to an educational playground with age-appropriate games. In addition, students can learn about the principles and history of art with Time4Art.

### HIGH SCHOOL

Time4Learning's 9th-12th curriculum includes your choice of four courses. Subjects include English, math, science, social studies, and even electives with the option to add more courses. Time4Learning high school students can also join our exclusive Time4Friends social network where they can connect with other Time4Learning high school students in a secure environment.
