

Create CDs That Can Be Read By Any iSeries or AS/400!

CD Builder has the features you've been looking for:

- ✓ Create a complete CD image in a single step.
- ✓ Make your CDs LODRUN capable. This allows a user to install your CD by simply keying LODRUN *OPT at the AS/400 command line.
- ✓ Generic install program included, allowing you to create LODRUN enabled CDs without having to write your own installation programs.
- ✓ Both menu and CL command interfaces are available to all CD Builder functions.
- ✓ Complete context-sensitive help text on-line.
