

Psychology Abroad

Whether you are looking to fulfill major requirements or expand your course work with electives, we have the psychology course for you! CEA offers a breadth of core and elective courses commonly found in a Psychology degree program. All of our courses include hands-on learning and real world applications.

Ready to take your education to the next level? CEA also offers study + internship programs that give you the real-world experience to stand out in today's job market.

Make the world your classroom and contact a CEA Admissions Counselor to learn more!

CEA Barcelona Center

CEA Rome Center

CEA Dublin Center

Psychology

With both core and elective psychology courses available during the semester, students gain an international insight into the field of psychology and learn about the different approaches to the study of human behavior.

Business & Psychology

Semester students will explore the crossover between psychology and business and delve into how psychological principles can be applied to the workplace to overcome organizational challenges.

Psychology

CEA Dublin Center offers a variety of psychology courses during the semester, as well as a tailored program in Child Psychology starting Summer 2020. This program will particularly appeal to nursing or elementary education majors with an interest in Child Development Psychology.
