SYSTEM**

A PERFECT BRANDSPACE™ FOR YOUR DISPENSARY

BrandSpace is our profit-enhancing approach to frame board management. Your ClearVision sales consultant will use the BrandSpace approach to help you properly select, display and sell an eyewear assortment based on the demographics of your dispensary.

We'll customize your BrandSpace with the perfect mix of frames for each of your specific consumer segments. You'll have a more visually-appealing, engaging frame board with the brands and styles your customers know and love.

Let us help you determine the best BrandSpace strategy for your practice!

IT'S ALL IN THE **BRANDCASE™**

An integral part of our OneSource strategy is our innovative BrandCase system. Shown above, the patented BrandCase system provides an efficient, merchandised presentation, giving you a true depiction of how our frames may look on your dispensary wall. Our BrandCase system also provides collection details including a brand overview, available colors, and sizes. It's a time-saving presentation in which you'll be able to experience firsthand the shape, design, and "feel" of each frame, in turn allowing you to make a more informed purchasing decision in less time.
