Best for

1-4

Facilities

Maximize revenues and minimize cost. On the surface, it doesn't seem too hard. But it's easy to get lost in the details – rate increases, foreclosure processes, payment collections, marketing promotions and gate systems all complicate the process. Before you know it, you've lost focus on your primary objective, profitably growing your business. Store Advantage is specifically designed to maximize operational efficiencies for growing operators who require flexibility without complexity.

Store Advantage's centralized database allows for instant access to data and seamless integration to your home office, web site or call center partner, allowing your business to reach its full profit potential. Store Advantage also gives you access to Centershift's acclaimed Support Helpdesk, which can assist you seven days a week.

Centershift Store Advantage is the industry standard for small and thriving organizations with 1 to 4 facilities. Designed to offer flexibility and customization, Store Advantage is perfectly tailored to fit your organization's every need.

It's time you took advantage of the leading technology in self storage.
