

Enforex
Since 1989

In Salamanca
**FORMACIÓN
INTENSIVA
PARA
PROFESORES
DE ESPAÑOL**
Summer 2019

Founded in 1989, Enforex is the most prestigious Spanish school in the sector. Our programs are certified by Instituto Cervantes.

All our teachers have a degree in teaching Spanish and among them, many have a Master or a Phd for this discipline. Our teachers are the inventors of Prisma methodology: firstly, created for international Enforex students, nowadays is one of the most used methodology by Spanish professors all around the world and is distributed by Edinumen.

The school

The school is located in a renovated and modernized former 19th century convent, with a huge patio surrounded by 56 Salmantino columns and just a 5-minute walk from the famous Plaza Mayor. Next to restaurants and cafes, shopping areas, and walking distance to all the main attractions where you can enjoy the unique university vibe.

With a multimedia room, vending machines and even a library, our school is designed for students to kick back and relax on their downtime. WiFi access is available throughout the school, meaning students can easily contact friends and family between classes.

Our 28 large classrooms are comfortable and, along with our terrific professors, make learning Spanish easy and effortless.

Address:

Calle Marquesa de Almarza, 1. 3700, Salamanca
