More than fast. More than signs.®

Co-Brand with the Industry Leader

Young's Printing and Mailing & FASTSIGNS of Middletown, CT - Co-Brand established November 2014

Our Co-Brand Program makes it easy for you to grow your business by adding a FASTSIGNS center within your existing print center footprint. You gain the power of a nationwide system, instantly expanding your revenues with our diverse product lines and services. But you also keep your independence and existing print businesses, like reprographics, photography, embroidery, etc. And we jump start the process by requiring a smaller initial investment, with reduced royalties for the first 12 months. Plus, when you become a FASTSIGNS franchisee, you'll also gain ongoing training and support from our national franchise system – all the while keeping your original business identity. It's a win-win for you and your customers.

As a Co-Brand Partner, you'll benefit from our powerful local and national marketing, improved buying power and relationships with vendors, access to national accounts, and up-to-date technology and digital services. Not to mention the benefits of being part of a nationwide franchise network of sign and print business owners.

“FASTSIGNS made the whole idea of **new product opportunities and new solutions come alive** for our current clients. It was also a good fit because it **brought a lot of new resources** that we really didn't have available to us before, like **training, research and new product support.**”
