

DevExpress Online Resources

Communicating with our customers in an effective and timely manner is a commitment we take seriously at DevExpress. We want you to have the information and insights you need to make appropriate business decisions each and every day.

Social Networks

Join us on the following social networks for up-to-the minute news, product offers, and opportunities to obtain free DevExpress swag.

- [Twitter](#)
- [Facebook](#)

Forums

Voted the best community website in the 2009 by readers of DevConnections Magazine, the DevExpress peer-to-peer forums are a great way to learn more about our tools and engage with other software developers across the globe. Join the conversation today - [DevExpress Community Forums](#).

Blogs

Management and Project Leads actively blog about the latest development efforts within individual R&D teams. To help shape the direction of our product line, these blogs often solicit feedback from our customers. To get involved, point your browser to the [DevExpress Community Blogs](#).

Video Channels (DevExpress Training and Tutorial Videos)

To help you master the use of our tools in the shortest possible time, the DevExpress Media Team actively produce online training videos and product tutorials. These videos are hosted on the [DevExpress Channel](#) and are also made available on [YouTube](#).

You are also able to view DevExpress Channel content on your iPhone/iPod by simply adding our RSS feed to iTunes. Step-by-step instruction is available [here](#).

RSS Feeds

If you subscribe to feeds and want to stay current with all relevant information we publish via RSS, why not join the following feeds:

[DevExpress News](#)
