EMS

ENHANCED MEDICAL SERVICES

SERVICE

Repair & Maintenance

EMS can provide repair and maintenance services for your entire office. Our highly experienced technicians are manufacturer-trained and can repair both your lane and diagnostic equipment.

Warranties

Take advantage of an extended warranty or comprehensive umbrella service contract with EMS. We can cover multiple units, providing added convenience and cost savings when your equipment goes down.

Topcon Service Center

EMS is a certified Topcon service center. Our technicians are trained and equipped to repair Topcon instruments at each of our service locations.

ABOUT EMS

Enhanced Medical Services (EMS) provides comprehensive eye care equipment solutions including new and pre-owned diagnostic and lane equipment. This mix of new and pre-owned allows our industry experts to consult with customers to develop the right mix for each practice. Additionally, EMS is a full diagnostic national repair center. Whether you have a device in need of repair, are seeking an extended warranty on a device, or prefer the convenience and affordability of a comprehensive umbrella service contract for your practice, EMS can provide a customized service solution to fit your needs.
