Internship Opportunities in Dublin, Sydney, London, Paris, & Barcelona Prepared by: Emily TahaBurt, Admissions Counselor

BUSINESS: PARIS, FRANCE

Business Development Internships

This company promotes the sharing of experience through the publishing of original educational content. The company is the first to combine the best practices of boating in the form of checklists covering all the situations, so that the experience at sea benefits to the greatest number. The project starts with a goal to provide a simple and comprehensive tool inspired by aeronautical checks-lists. Reading the book "The Manifesto of the Checklists" by Atul Gawande in November 2011 reinforces his conviction: the checklist is the most adapted format to synthesize the returns of experiments, and to reach the human limits - memory, concentration, Cold blood - by providing instant information. Interns will gain exposure to all facets of business management, business development and general business. They will be working directly with the CEO and other executives, getting an inside and close up view on what it takes to run and manage a successful business.

Internship with International Consulting Firm

This company is an international Technologies and Management Consulting Group with a rapid pace development and innovative solutions for demanding projects. The company's business consists in supporting its clients in carrying out their projects by acting within their organization to help improve effectiveness and enhance performance. Roles and responsibilities would include taking an active part in various aspects of marketing in the organization activities, interacting with internal departments to carry out client requirements, forming inter-departmental business strategies and communicating with necessary parties and maintaining up-to-date customer and prospect records.
