NOW PART OF THE
AIFS FAMILY OF PROGRAMS

STEP 1: APPLY

Submit your application online at
www.globalexperiences.com

STEP 2: SPEAK TO ADMISSIONS COUNSELOR

Book an information session or admissions interview with a member of our Admissions team.

STEP 3: ENROLL

After acceptance, the next step is to enroll into the program with your initial deposit to secure your spot. At this point you are committed to GE!

STEP 4: PREPARE

Before you arrive in your host city, you will work one-on-one with your Program Advisor. They work with you on professional development and career advising, and make sure you are ready to depart and intern in your new city.

STEP 5: INTERVIEW

We match you up with a company that we think is a good fit for you based on your career fields, qualifications, and goals. Most interns have one interview and the placement is confirmed.
