

Thank you for visiting our booth at the GPLI 2017 Virtual Symposium

Special Offer for Symposium Attendees!

Blanchard Contact Lenses is offering GPLI 2017 Virtual Symposium attendees, this special offer to help bring industry-leading Onefit lenses into your practice!

Purchase a bank of 8 lenses, to fit your first 4 patients, and receive the Onefit diagnostic fitting set and your first pair of lenses FREE (Value and savings of \$630)*

OR

Purchase just your Onefit Diagnostic fitting set for \$350

Onefit™ is the next generation of scleral technology! Blanchard has pioneered the minimalist approach to scleral lens design and fitting with Onefit™ - delivering optimal oxygenation for long-term corneal health with minimal lens mass and tear lens thickness. Our innovative approach to fitting is being viewed by many as the favored method when fitting scleral lenses!

With so many applications and design options to choose from, Onefit™ can be the just the solution you are looking for to meet the needs of your patients.

To take advantage of this offer, please email Lee Buffalo at lbuffalo@blanchardlab.com or call 800-367-4009 Monday through Friday from 8:00am to 5:00pm EST.

To receive the free Onefit diagnostic set and a free pair of lenses (\$630 value), you must purchase an eight (8) lens bank. (\$140.00 / lens x 8 lenses = \$1,120.00). Lens are fully warranted, custom manufactured for your patient and have no expiration dating.

The no charge lenses for your first patient, your Onefit diagnostic fitting set and the purchase of an eight (8) lens bank (4 pair of lenses), are 100% guaranteed.

You will be billed for the four (8) lens bank in three monthly payments. If for any reason you are not satisfied within 90 days of receipt of your fitting set and lenses, you can return the set and cancel the bank to receive credit. *You will be charged for any lenses successfully fitted and dispensed.*
