

VIETNAM

HO CHI MINH CITY

Ho Chi Minh City is an enticing blend of the old and the new. HCMC has a fascinating history mixed with a high-octane, modern economy that has been steadily growing annually. Vietnam provides the accessibility and allure of a beautiful Southeast Asian nation, whilst simultaneously staking its claim as a dominant ASEAN economic powerhouse. This allows for an internship in the main economic hub of Vietnam yet surrounded by natural beauty.

CRCC Asia

Foreign direct investment in Vietnam hit a record in 2015 and its growth averages nearly 6% a year per person, second only to China.

Ho Chi Minh City boasts the highest GDP in the country, and has recently opened two technology parks focused on IT, renewable energy, biotechnology, and more.

LEADING PROVIDER OF GLOBAL INTERNSHIPS IN ASIA

CRCC Asia specializes in connecting students with applied work experience in dynamic international settings. With over 12 years experience working in Asia, we have led internship programs for over 8,000+ students and graduates from more than 100 countries. We offer a range of program models built to satisfy the interests of each of our partner institutions, including a wide range of unique custom and faculty-led programming.

CUSTOMIZABLE OPTIONS

CRCC Asia's University Relations Team is able to support customized university programs including:

- Cultural Excursions including weekend trips to Hoi An
- Faculty-led courses at local Universities
