

# A trip to the hospital can hurt your wallet

## Support when you need it most

If you become seriously ill or injured, it's likely you will have a hospital stay. It may be a little scary, as well as expensive. While medical insurance may cover the hospital bills, there can also be non-medical expenses such as transportation to medical treatment or additional child care which could be considerable. If you became hospitalized, could you manage all of these expenses from your savings?

### Guardian® helps protect you and your family from unexpected expenses

- Guardian Hospital Indemnity Insurance supplements your medical plan — no matter what type of other coverage you have
- You receive cash benefits based on your covered sickness or injury, treatments and services
- The cash benefits are paid directly to you and can be used for any purpose — from covering medical copays and deductibles to paying for everyday expenses such as the mortgage, groceries and utilities, — and you decide how to use them

### Here is an example of how Guardian Hospital Indemnity Insurance works\*

Jane became ill and was admitted to the hospital. She had emergency surgery and was there for two days while recovering. Her Hospital Indemnity Insurance paid her a \$2,500 cash benefit which helped offset her hospital expense.
