ILLINOIS INTERNATIONAL

ILLINOIS A GLOBAL UNIVERSITY

The University of Illinois at Urbana-Champaign is home to one of the largest international student and scholar populations of any public university in the United States. With more than 10,000 international students and 2,500 international scholars, faculty and staff, our international population brings valuable cultural and linguistic diversity to campus.

INTERNATIONAL STUDENT & SCHOLAR SERVICES (ISSS)

International Student & Scholar Services is committed to providing culturally sensitive services of the highest quality. We strive to create an environment that is conducive to a successful educational, personal, and professional experience. We serve our non-immigrant students, scholars, faculty, and staff by not only being the primary point of contact for all matters related to their immigration status, but also by being advocates and providing social and educational programming throughout the year. From offering workshops on American culture to one-on-one advising sessions to training for domestic staff regarding cultural sensitivity and integration, the ISSS staff is committed to ensuring that our international community has the most enriching experience possible at Illinois.
