

# BENCHMARK YOUR RESPONSIBLE INNOVATION MATURITY

**Joint Action starting in Sept. 2019**

Team up with us and co-create the future of innovation

Responsible innovation practices are diverse. Many ICT industry leaders are already aware of the ethical, social and environmental implications of their innovations. This Joint Action builds on established tools and offers ICT companies the opportunity to learn about their practices, performance and maturity.

- **Purpose:** Developing a comprehensive picture of the maturity of responsible innovation practices of the ICT sector.
- **Starting point:** Based on the COMPASS self-assessment tool and a well developed maturity model.
- **Target Groups:** Innovation managers from twenty carefully selected enterprises from the ICT sector.
- **Outcomes:** Sector benchmark for ICT and a comprehensive self-assessment for your company.
- **Impacts:** Greater awareness and knowledge about Responsible Innovation practices at project, company and sector level.
