

Simplifies leave management  
Empowers your employees

What leave benefits are available to me?

What type of leave should I take?

What are my next steps?

When employees need to take time off work, they have a lot of questions. Answering them can take a lot of time.

Unless you have LeaveLogic, a self-service digital solution that empowers employees to understand the leave they're entitled to and take action on their own leave requests.

#### WITH LEAVELOGIC, EMPLOYEES CAN:

- ✓ Confidentially **see and understand all their leave benefits** and entitlements, based on your policies and their unique situations, using consumer-friendly online tools
- ✓ **Plan their time off**, given their individual leave options
- ✓ **File their request for leave** directly through the digital LeaveLogic platform
- ✓ Receive an **easy-to-follow task list with reminders**, so they know everything they need to do from the time they go on leave through their eventual return to work
- ✓ Access a **central hub** for benefits, plan information, company policies and leave programs

LeaveLogic helps take care of leave education and management, so HR and managers can focus on supporting employees and growing the business.

#### **HELPS MANAGERS SUPPORT THEIR TEAMS**

- Provides just-in-time guidance, notifications, and reminders
- Allows easy access to leave policies and best practices for supporting employees who need leave
- Presents learning and growth opportunities

#### **HELPS HR SAVE MONEY AND TIME**

- Reduces effort and time spent on leave
- Reduces misinformation
- Maximizes utilization of EAP programs, existing company benefits and health and wellness programs
- Provides confidential self-service to relieve administrative burden
- Supports full benefits integration

**LeaveLogic is a Unum-owned leave and absence management solution.
