

**GO ANYWHERE**
Director**Managed File Transfer Solution**

GoAnywhere Director™ streamlines and secures the exchange of data with your customers, trading partners and servers. With GoAnywhere Director, you can connect to almost any system or trading partner using standard protocols including SFTP (SSH), SCP, FTP/S (SSL/TLS), HTTP/S, SMTP, POP3, IMAP and AS2. GoAnywhere Director also supports OpenPGP and ZIP with AES encryption for securing sensitive documents.

**GO ANYWHERE**
Services**Secure File Server**

GoAnywhere Services™ allows trading partners (both internal and external) to securely connect to your system and exchange files within a fully managed and audited solution. GoAnywhere Services includes the popular file transfer server protocols of FTP/S, SFTP, HTTP/S and AS2.

**GO ANYWHERE**
Gateway**Reverse and Forward Proxy Server for the DMZ**

GoAnywhere Gateway™ allows your trading partners to connect to GoAnywhere Services without having to open inbound ports into your private network or store sensitive information in the DMZ.

**Automated Field, File and Backup Encryption**

Crypto Complete™ protects sensitive data using strong encryption, integrated key management and auditing. Crypto Complete allows organizations to encrypt database fields, backups and IFS files quickly with its intuitive screens and proven technology. This innovative solution is vital for protecting confidential information and expediting compliance with PCI DSS standards, federal regulations (e.g. HIPAA, Sarbanes-Oxley) and state privacy laws.

**Graphical Productivity Suite**

Surveyor/400™ provides an intuitive graphical interface for efficiently working with your IBM i database files, spooled files and IFS files. Surveyor/400 is so powerful and user-friendly, both IT personnel and end-users will immediately benefit from its comprehensive features.

**Modernizes RPG Source Code**

RPG Toolbox™ effectively converts RPG source code to modern RPG IV syntax, either to /Free-form or fixed format. It also includes dozens of valuable productivity tools for RPG developers.
