ENGINEERING SUMMER SCHOOL

6 weeks | June/July

Designed to offer a specialized study abroad experience for Engineering students. Study one of three engineering subjects and then choose a second class from our International Summer School offering.

Hands on lab work as well as field trips to global company factories make this program a one of a kind!

FACULTY-LED PROGRAMS

All Year Round

With our flexible offerings, Maynooth University welcomes foreign faculty with varied interests, demands and student bodies.

Choose to build the experience that suits you and your faculty.

Our innovative programming supports wide-ranging possibilities.
