Tuition Benefits for students serving in the Military

Helping to make your education more affordable

As a member of the military, you may be eligible for financial aid assistance at all Argosy University locations in the United States. It's important to explore what's available to you and collect what you've worked so hard to earn. Please contact the Student Financial Services department at the Argosy University campus in which you are interested to learn how you can offset some or all of your education costs by taking advantage of the GI Bill or Yellow Ribbon Program. Visit www.gibill.va.gov for additional details.

GI Bill Program

As a member of the military, you may be qualified for a number of tuition benefits per the Serviceman's Readjustment Act of 1944, better known as the GI Bill. Based on your current and future involvement, you can receive monthly education stipends that can help supplement your financial obligations toward the pursuit of an education.

Yellow Ribbon Program

As a participant in the Yellow Ribbon GI Education Enhancement Program, in states where the Argosy University campus has tuition rates greater than the amount covered by the GI Bill, the institutions voluntarily will be able to provide tuition assistance to veterans to help offset all or some of their education costs. The Yellow Ribbon Enhancement Program allows institutions of higher learning to assist with tuition costs exceeding the GI Bill's current maximum benefit rate, based on the highest public in-state undergraduate tuition rate in the applicable state.

The Argosy University campus will contribute an additional amount to eligible veterans to offset those expenses and The U.S. Department of Veterans Affairs will match the amount contributed by the school. The amounts available and conditions depend on the Argosy University campus and the state in which it's located.

The program provides funding to veterans who have served at least 36 months of active duty following September 10, 2001, veterans who were honorably discharged from active duty for a service related disability and who served 30 continuous days following September 10, 2001, and dependents eligible for Transfer of Entitlement under the Post-9/11 GI Bill based on a veteran's service under one of the first two criteria.

What will it take to stand out in the crowd?

An education is one of the best investments you can make. In today's highly competitive world, organizations of all types demand candidates with a college degree. You'll find many of our students are working professionals who wish to enhance their career potential.

There's no better time to begin your preparation for the quality of life you want. You'll find everything you need to grow personally and professionally at Argosy University:

- Day or evening classes
- Small class sizes
- Financial aid for those who qualify
- Job search assistance for graduates

All of our programs have key things in common...

- They're taught by practicing professionals who bring engaging, real-world experience right into the classroom.
- They integrate knowledge — theoretical and applied — with the hands-on experience and personal skills you'll need to succeed in an academic environment.
- They're flexible enough to work within the constraints of your busy life, at whatever pace you choose.
