

WHY RISK YOUR DATA CENTER?

INTRODUCING THE 30-DAY NO-RISK GUARANTEE FROM NEC

In this economic climate, you need innovative storage and server solutions that can help you improve data center efficiencies while virtually eliminating risks in infrastructure investment.

Try NEC for 30 days

We're so confident in our storage and server products that we are offering a bold 30-day satisfaction guarantee. If, for any reason or no reason at all, you wish to return the product within 30 days of purchase, NEC will handle the entire process and cost of de-installing, returning, and even migrating data off the system for you.

No up-front cost. No hassles. No risks. It's that simple!

- **Promotion Period:** June 15, 2010 to September 30, 2010
