Designed for You

You can rely on Achieve OnDemand to develop the practical skills and knowledge to handle challenging situations that arise in your work. Achieve OnDemand is:

- » **Relevant:** Learning delivered through the lens of the home visitor that you can apply on the job the next day.
- » **High Quality:** Designed by experts in home visiting and applicable across all program models.
- » **Accessible:** Training anytime, anywhere, from any device. Content available whenever you need it.
- » **Affordable:** High-quality training at a low cost. No travel costs associated with in-person training.
- » **Flexible:** Learning formats tailored to a variety of learning styles.
- » **Community:** Online learning communities and interaction with peers.

How It Works

Achieve OnDemand is online for easy access. If you have any technical questions, our Support Team is always on hand to assist you. With just one click you can sign up for a range of online offerings. Enroll in a two-to-three-hour **self-paced course** in any topical area. Each self-paced course can be started and stopped at your convenience. Select from a series of **one-hour, live webinars** facilitated by home visiting professionals. Each webinar dives into specific, real-life issues relevant to the field. The sessions integrate the opportunity for reflection and includes a presentation, case studies, interactive discussions, and a Q&A session. If you cannot attend the live webinar, a recording will be available after the session.

All Achieve OnDemand participants also benefit from a complimentary **online learning community** where you can connect with peers facing similar issues. And, you can access **"know and go" applications** on your smartphone to better apply your new knowledge and best practices on the road or in the field.
