A few quick notes about our courses.

All of our courses are Category A PDUs.

The following are a few options for 60 PDU courses that you can find at this link on our site: <http://www.pdus2go.com/affiliate.aspx?a=pdus2go60pdus>

All courses include a downloadable pdf COURSE GUIDE and associated mp3 AUDIO files. The courses are retained in the course library in your online account. They do not expire.

These are self-paced downloadable courses... think “iTunes” where you can either view/listen to the content on your website, laptop or mobile device.

Upon completion of the course, PMI requires you submit a COURSE COMPLETION FORM that you will find also in your online account. After submitting, the system will provide an onscreen LETTER OF COMPLETION you can print in hard or soft copy.

The ACTIVITY number can be found on your LETTER OF COMPLETION and in your COURSE GUIDE.

The PROMO CODE is entered on the 2nd screen of the purchase process after your credit card information. Once you enter the PROMO CODE, you must click APPLY to recalculate the total. You will see the adjustment in the price. Then, the system will have you confirm and continue to finish the process.
