

PAPERLESS FILING

Directly from your software

Electronically File Forms W-2 and 1095

No paper forms to print and stuff into envelopes means more time for you to focus on your other important tasks.

Federal E-Filing

Your client's data is sent from your software directly to the Federal Government. No need to file through the IRS or SSA systems, we take care of that for you.

State Filing

Your data will be sent directly to any and every state that requires filing in the format required by that state. You don't have to keep up-to-date with various state filing requirements.

Recipient Delivery

Print & Mail

All completed filings will be automatically printed and mailed directly to recipients. No need to manually print and mail or hand deliver forms to recipients.

Online Retrieval

As a unique added benefit, this service also allows for the recipient to instantly download their form from a secure online retrieval site.

CyberPay E-File Process

1. Set up Account at cyberpay.nelcoportal.com and save email address and password under "Bureau Management / Nelco Integration" in CyberPay.
2. Upload W-2's to CPO and select the company(ies) to up load to Nelco.
3. Click the *Submit Selected Companies to Nelco* button at the bottom.
4. A new browser tab with the Nelco Web Reporting Center should then open. If it does not, click the *Open Nelco Reporting site* link.
