

Welcome

to the National Association of Pediatric Nurse Practitioners (NAPNAP), the largest professional home for all pediatric-focused APRNs. NAPNAP is where you share a common goal with clinicians, researchers and faculty to provide the highest quality, evidence-based care for children and families.

The National Association of Pediatric Nurse Practitioners (NAPNAP)

is the nation's only professional association for pediatric nurse practitioners (PNPs) and their fellow pediatric-focused advanced practice registered nurses (APRNs) dedicated to improving the quality of health care for infants, children, adolescents and young adults. Representing more than 9,000 healthcare practitioners with 20 special interest groups and 50 chapters, NAPNAP has been advocating for children's health since 1973 and was the first APRN society in the U.S.

The Leader in Pediatric Education for Nurse Practitioners®

"Volunteering for NAPNAP helped me develop and expand my leadership skills, introduced me to wonderful colleagues and new friendships, expanded my knowledge of legislative issues and educated me on how a professional organization operates including working with our dedicated national office staff."

- Jo Ann S.

"Membership and participation in NAPNAP will be the cornerstone of my career."

- Bethany J.

"I am in the process of recertifying my FNP this year, but I work strictly in pediatrics, so NAPNAP's educational offering is perfect for me – I can fulfill my recertification requirements with information that actually pertains to my practice."

- Catherine F.

When you join NAPNAP,

you become part of a dedicated community of more than 9,000 PNPs and their fellow pediatric-focused APRNs in 50 chapters and 20 important special interest groups, all actively working to improve child health. Federal and state child health and professional practice advocacy are most frequently named as why APRNs like you join NAPNAP. We need your voice to continue this work.

You have unlimited access to uniquely focused, on-demand continuing education from The Leader in Pediatric Education for Nurse Practitioners®, evidence-based resources, career-building tools, key child health advocacy, vital peer support and relevant news you can use.

You are a leader

in ensuring child health. We recognize that you need the best tools and support to enhance your practice and career.

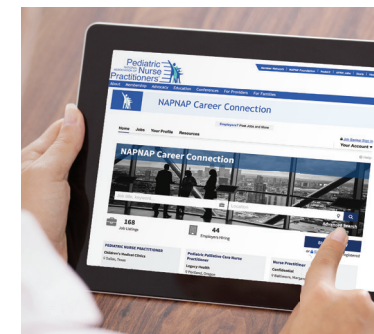

NAPNAP and its leaders deliver this support through the *Journal of Pediatric Health Care*, highly rated *NAPNAP Daily News*, handy provider and patient resources, TeamPeds: Member Network and online Career Connection. Whether you access our popular, timely online courses or attend our acclaimed national conference and specialty topic regional symposia, you will gain valuable contact hours to educate you on the latest child health information necessary for license and credential renewals.

We know you have choices

in how you spend your professional development dollars. We offer you the opportunity to explore different levels of membership to determine what works best for your career and budget. Regardless of what level you choose, NAPNAP is working for you and the critical role that you play in family centered pediatric health care and interprofessional team practice. Visit napnap.org/member-choices to find the membership you want.

NAPNAP members offer

their peers superior clinical expertise and academic knowledge in primary, acute and specialty health care. Our members include national child healthcare experts, respected authors, distinguished faculty and practicing professionals in the delivery of pediatric health care to infants, children and adolescents.

Whether you are a student, new grad or a seasoned practitioner, you have a special home at NAPNAP. Join our community of child health leaders and start enjoying the tangible and intangible benefits of membership today.
