

## Pragmatic Works Azure Fast Start Offerings

*Transform industry challenges into your opportunity by distinguishing yourself and delighting customers with Microsoft Azure.*

### Benefits

- Accelerate deployment of common Microsoft Azure workload scenarios
- Drive readiness for your IT engineers through education services
- 4-day, on-site engagement to kick start your onboarding to Azure

## Fast Start for Microsoft Azure helps you quickly deploy new cloud workloads.

Our Fast Start program introduces you to the basics of common Microsoft Azure workloads, provides guidance and education for your IT engineers, and provides support during initial workload deployment. Each offering includes:

- Education services to help enhance your support staff's technical and operational skills and help drive operational readiness.
- Onboarding accelerator, which is a direct engagement with a Pragmatic Works consultant, works with you to provide deployment or migration assistance. This is the opportunity to "take Azure for a test drive."
- Planning and assessment documentation to help you determine next steps and Azure consumption.
