

neurolenses come with a lifetime money-back guarantee, and now we are making the purchase of the neurolens Measurement device just as risk-free with a **6-month satisfaction guarantee\*** to our customers.

---

### **Purchasing with Peace of Mind:**

- 1.** Determine the number of patients who could experience relief with neurolenses. Work with your territory manager to customize neurolenses into your practice flow.
- 2.** Purchase the neurolens Measurement Device at the Introductory price of **\$29,900.**
- 3.** Work with our Clinical Training and Account Management team to make this a tremendous success in your practice.
- 4.** At the end of six months, if you have prescribed **40+ lenses** and still aren't happy with the impact on your patients / practice you can return the neurolens Measurement Device.
- 5.** If less than 40 lenses are prescribed during this time, there will be a \$5,000 re-stocking fee.
