

SCHOLARSHIPS

Global Experiences is committed to raising the number of U.S. students studying abroad by 2020. We've partnered with the IIE Generation Study Abroad initiative and pledged \$25,000 in scholarship funds to create a more culturally-aware workforce. *Will you be a part of Generation Study Abroad?*

These awards benefit exceptional students attending a GE internship program in any of our global cities on a semester or summer program. The ideal candidate will make a positive impact on their GE program, demonstrate financial need, and act as an outstanding representative of their home country and university.

► DIVERSITY & INCLUSION

Global Experiences is committed to providing international career development opportunities for students who are traditionally under-represented on study abroad programs. Minority-identified students are encouraged to apply.

► PELL GRANT & GILMAN SCHOLARSHIP

GE works with university partners to verify financial need of eligible students who receive a Pell Grant or the Gilman scholarship for their term abroad. Pell Grant recipients will receive \$500 off any program, and Gilman scholarship recipients will receive \$250 off summer programs and \$500 off Fall/Spring programs.

► FRIEND REFERRAL

When you refer a friend to go on a Global Experiences Internship Program, you both get rewarded! The referred friend will get \$300 off their program tuition. Currently enrolled GE interns will receive a \$300 discount off your program tuition. GE Alumni will receive a \$300 check!

DEADLINES ARE ROLLING

Priority

Summer 2020
