Love your classroom and explore all New Zealand has to offer with a year or a semester at Nelson Marlborough Institute of Technology (NMIT).

The Nelson Campus is located in the coastal city of Nelson, New Zealand's 12th biggest city. Being based at the top of South Island puts an array of adventures on your horizon, with

three national parks on your doorstep. Nelson Tasman is one of the few places in New Zealand with temperatures suitable for swimming and water activities all year round.

Learn International includes day trips and overnight excursions during semester studies. Locations we've typically offered include:

Abel Tasman National Park, Nelson Lakes National Park, sea-kayaking and more.
