## Marco Total Refraction TRS-6100 SYSTEM

- Large 10.4" color LCD touch screen
- Intuitive, ergonomic keyboard for simple one-hand operation
- Forehead rest range of $25 \pm 2 \mathrm{~mm}$ accommodates more patients
- Programmed monocular fogging reduces accommodation \& allows more realistic refractions with both eyes open
- OPD Wavefront maps displayed for more effective diagnostics \& patient education
- Tilt screen \& angled refractor head allows realistic near testing
- A 'favorites' page saves frequently used charts for quick \& easy access
