### Why Wellington Technologies

- Wellington Technologies has been providing honest and reliable nationwide ATM sales and support to hundreds of ATM Owners since 1994. We are committed to conducting business in a courteous, fair, open manner with the highest degree of integrity. Our FREE Technical & Customer support is answered by a person 24 hours 7 days a week, NOT an automated answering machine. We are committed to your success!
- ATM owner repaired ATM means you will never pay for a maintenance contract or those expensive "not covered" surprise repair bills again ! EVER ! We serve almost 1000 ATM locations through out the United States! All of our location are owner repaired . . . . not a single repair contract in the bunch!
- Owner repairs are quick and easy. 90% of the time requiring little or no help from Wellington's 24/7 FREE Technical & Customer support staff and best of all, your ATM is down for minutes NOT days waiting for a repairman to arrive! Less down time = MORE transactions = MORE \$ to you!
- Every Wellington ATM utilizes your existing power . . . you do not need to install expensive dedicated power at your location.
- With Wellington your ATM communication expenses are reduce and transaction speeds increase with SSL Internet connectivity. Dialup, Cellular, TCP/IP with SSL encryption are all available.
- Your Vault Cash and Surcharge Income are Direct Deposited into your bank account EVERY BUSINESS DAY! Wellington never touches your money !
- Real time activity reporting via the internet, check your cash levels the status of the machine right from your home or office. Receive Email alerts to keep your ATM at it's optimum performance!
- Extended warranty up to 5 years is available.
