

CHANGE YOUR WORLD®

World Endeavors

Intern, Faculty-Led, Virtual, Volunteer

About World Endeavors

- Founded in 2002
- Based in Minneapolis, Minnesota
- Customized Faculty-Led Programs, Internships, and Volunteer Programs in 24 countries around the world
- Experiential Learning
- Cultural & Professional Immersion
- Currently working through The Forum's QUIP process

Megan, Costa Rica

Why World Endeavors?

High Impact Experience – Our programs are meant to leave a lasting impression on the participant and become a catalyst for long-term engagement with the world outside their home country.

Affordability – We aim to make our programs as affordable as possible in order to make them accessible to as many participants as we can.

Local Participation – Our In-Country-Coordinators are members of the local communities we operate programs in. We work in collaboration with community members to fulfil collective goals which benefit both the group and the community.

Rachael, Thailand

Why World Endeavors?

Defined Learning Goals – We take the time to really find out the true purpose of the group program and work with you to determine specific learning goals.

Safety First – Safety is of paramount importance to us as we aim to make our experiences as secure and risk averse as possible. In addition to liability insurance, we can arrange for group participants to have comprehensive travel medical insurance with a 24/7 emergency number.

Peace of Mind– We aim to make the experience, from your first contact with us, to the moment you arrive home, an easy, efficient experience.

Internships

CHANGE YOUR WORLD®

- Flexible start dates and durations
- Interns are assigned a supervisor and specific projects to complete during their placement
- 30-35 hours/week
- Placements available in over 40 fields
