THE API DIFFERENCE

“This has been the most incredible experience of my life and I would not have enjoyed my time nearly as much if it weren’t for all that API has done for me! From the excursions, to the help with academics and housing, to the kind staff, I can’t believe I got so lucky in picking the best study abroad program.” *- Bailey J. / Saint Michael’s College*

A WARM WELCOME UPON ARRIVAL

Friendly API Resident Directors/Coordinators will meet you upon arrival at the airport. You will also take part in a group orientation, including a welcome lunch or dinner, so you can get to know your new friends as well as the API Resident Director/Coordinator.

INTERNATIONAL AND DOMESTIC EXCURSIONS

All API programs include excursions that introduce you to wonderful destinations in your host country. Many of our programs also include international excursions. Wherever possible, API excursions offer more comfort and safer travel by using private means of transportation, including chartered buses, airlines, and high-speed trains.

SUPPORT WHEN YOU NEED IT

API takes pride in being available to you during all phases of the study abroad experience - pre-departure, on-site, and re-entry. Whether it's answering a simple question, or supporting you during a local or personal emergency, API U.S. and international team members are available to respond to your needs 24/7.

COMFORTABLE AND WELL-LOCATED HOUSING

API provides quality housing that is safe and located near university or city centers. Local API directors screen all housing options prior to your arrival. Many programs offer multiple types of housing including apartments, local host families, and/or dormitories to appeal to every student interest.

A FRIENDLY, AND SOON-TO-BE FAMILIAR, FACE IS THERE FOR YOU

Every API program has highly qualified, trained, and experienced English-speaking Resident Directors/Coordinators to make sure that your time abroad is the best it can be. Most are locals from the host country and will help you feel at home before you know it!

API GIVES BACK, AND YOU CAN TOO, THROUGH VOLUNTEER OPPORTUNITIES IN YOUR HOST CITY

In most locations, you'll be able to take part in either an ongoing or one-day volunteer opportunity. The goal of the API Gives Back program is to help API students express their thanks for the welcome they received from the local community.

COMPREHENSIVE MEDICAL AND LIFE INSURANCE

The health and safety of our participants is our number one priority. If you get sick or injured while abroad, our insurance will help to cover the care you need to get better.

This program begins with **two, 5-week intensive academic courses** taught by faculty onsite. Following the intensive courses, the students will participate in a **7-week full time internship** placement.

Students complete each component consecutively, which will allow students dedicated time to focus on the academic courses and internship separately, providing a better balance between study and professional development. Some three-day weekends have been built into the program, leaving plenty of time for exploring the rich local culture of the host site.

Students earn letter grades for the coursework, for a **total of 12 credit hours** (2 academic courses for 3 credits each, and 6 credits for internship coursework).
