Contact us at women@ieee.org

IEEE WIE is a vibrant community of individuals collectively using their diverse talents to innovate for the benefit of humanity. The mission of WIE is to facilitate the recruitment, retention and recognition of women in technical disciplines globally

What makes WIE unique?

- Members focused in technology professions linked to IEEE technical societies
- Associated with a worldwide, multidisciplinary community of engineers, scientists and educators

The Benefits of Women in Engineering

- WIE **Magazine** (June & December)
- WIE Monthly **Newsletter**
- **Scholarships:** WIE Clementina Saduwa Scholarship, Frances Hugle Scholarship, and the Edith Hannigan Scholarship
- 15,000+ Pre-University, University, and Professional Connections
- **Networking** Opportunities, Forums/Receptions, and Conferences
- Community-centric, local WIE Affinity Group activities
- STAR Program providing **mentoring**, networking and growth through pre-university outreach activities which encourage students to pursue engineering
- Member Grade **advancement** support
- And much more!

To join WIE, add "IEEE Women in Engineering", MEMWIE to your renewal invoice, or select "IEEE Women in Engineering Membership" under "special Interest Groups" when you renew online. Please remember to add \$25 to your payment. Membership is free to Life Members, Student and Graduate Student members.

Visit us at www.ieee.org/women

WIE Highlights

Over **450** WIE Affinity Groups in over **40** countries

WIE Global Community

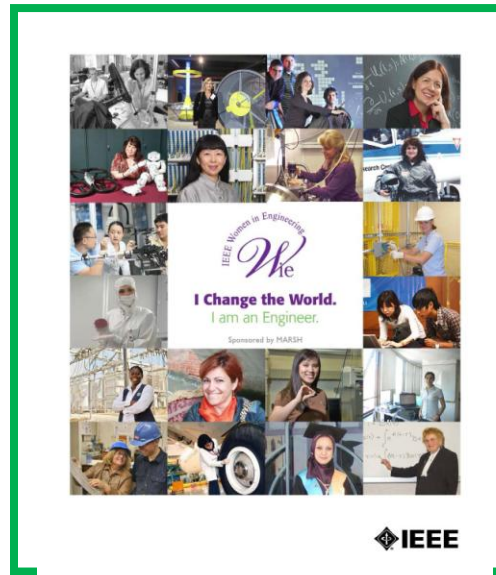

WIE Magazine **winner** of the **2008, 2010, 2011, and 2012 APEX award**

2013-2014
WIE Committee Chair:
Nita Patel

	Carolyn McGregor, EMBS 9 Sep 2013		Nita Patel WIE Chair 30 Aug 2013 9:30 AM EDT	
	Takako Hasimoto 21 Aug 2013 10:30 AM EDT		Mehvish Zahoor 13 Sep 2013	
	Veronica Bermudez 6 Sep 2013		Pamela Kumar 27 Sep 2013	
		Shalini Santhosh Kumar 20 Sep 2013		
<p>Connect. Collaborate. Chat on-line. In Conversation with IEEE Women in Engineering https://www.facebook.com/ieewomeninengineering</p>				

IEEE Women in Engineering would like to introduce you to our resources that will aim to inspire and empower girls to become engineers, while celebrating the achievements of IEEE women in the profession, and raising the importance of Technical careers, and how they benefit humanity.

IEEE Women in Engineering eBook:

- 1) aims to enhance the understanding of engineering careers
- 2) describes how engineers benefit humanity and make a difference
- 3) introduces IEEE women and hear their stories on why they were inspired to become engineers, their work environments, and their advice for girls interested in becoming engineers.

Download the IEEE Women in Engineering free App by searching IEEE WIE on your iPad or phone. The Android version will be available shortly. The PDF Version is available at <http://www.ieee.org/ns/periodicals/WIE/issue1/index.html>

IEEE Women in Engineering On-Line Live Chats:

IEEE Women in Engineering holds on-line live discussions that connect IEEE female engineers with the larger engineering community.

Visit the IEEE WIE Events page at

http://www.ieee.org/membership_services/membership/women/women_events.html for upcoming dates.

How to join the chat?

Visit the IEEE Women in Engineering Facebook Page at

www.facebook.com/ieewomeninengineering or find links to the presenters' Ustream Channel on the WIE Events page.
